

TRAGEDY MAY RESULT IN PEACE

Russia Likely to End
the War.

Order of Grand Duke Has
Opened Eyes of Rus-
sians.

Revolution at Home and War in Far
East too Much for the
Empire.

PETERSBURG, Feb. 13.—In
domestic circles here the opinion
generally expressed that yes-
terday's tragedy may be followed by
decision of the Government to con-
clude peace. For some time there has
been growing appreciation of the diffi-
culty of prosecuting the war in the
face of increasing complications at
home. Strong influences which, it is
understood, in spite of denials, are
exercised by M. Witte, president of the
committee of ministers, have been
working quietly in this direction.

Gippenberg's Revelations.
Gippenberg's revelations fol-
lowing the murder of Grand Duke
Alexandrovich in the opinion of some of the
diplomats, are not unlikely to
lead the Emperor definitely to decide
on peace.

In connection the war office is
seriously alarmed by the new dan-
ger threatening the Manchurian army
and the sympathetic attempts making
Japanese and Chinese bandits to
the line of communication back of
the army.

Run Into Ambuscade.
According to reports, about 10,000
men split up into bands of sev-
eral hundred each are operating from
Manchuria and are striking at the rail-
road. A Russian detachment follow-
ing up the Japanese band which cut the
rail below Harbin, fell into an am-
bush of two regularly organized
regiments and was almost cut
to pieces, losing half its men and one
of its guns.

The fear is that if the bands move
north or west they might inter-
rupt communication to such an ex-
tent as to make it impossible to sup-
ply the army. This danger has already
prompted the triple reinforcement of
the railroad garrisons below Harbin.

Like Shadow of Doom.
The shadow of the shadow of
death seems to be hanging over the
Russian capital. Bells are tolling and
the streets are a wail at yesterday's bloody crime.
People seem to shrink before the
specter of what may happen to-
morrow.

Tragedy struck deep in the
heart of the perplexed and tried Em-
peror and many who were unsparing
criticisms yesterday, today they
expressed sympathy for the
unhappy lot. In almost pathetic
terms they are praying for the
rest of the empire.

Death in the Air.
The air is in the air and no one knows
when the next blow may fall, al-
though precautions have been doubled
for the preservation of the
lives of the members of the Im-
perial family and the ministers and the
police are seeking out and ar-
resting those known to be associated
with the fighting organization.

The Imperial family have been
ordered not to venture out.

Fear Reign of Terror.
Although only the official papers and
Grandduke appear with black
arabesques, the editorialists of all of them
are strangely sober. Some papers
which in the past have been ready to
almost any charge at the door of
Grand Duke Sergius are drawing
back before the prospect of the in-
stallation of a reign of terror. They
fear that it may destroy the bright
specter of reform and lead to an era
of repression.

The revolutionaries there is a
tendency of elation. They openly glory
in the deed, believing that it re-
moves the most reactionary influence
from the government.

THE VALUE OF CHARCOAL.
People Know How Useful It Is in
Preserving Health and Beauty.

Nearly everybody knows that charcoal
is the most efficient disinfectant
and purifier in nature, but few realize
its value when taken into the human sys-
tem for the same cleansing purpose.

It is a remedy that the more you
use of it the better it is. It is not a drug at
all, but simply absorbs the gases and im-
purities present in the stomach and in-
testines and carries them out of the
system.

It sweetens the breath after smok-
ing, drinking or after eating onions and
other odorous vegetables.
Charcoal effectively cleans and improves
complexion, it whitens the teeth and
acts as a natural and eminently
safe cathartic.

It removes the injurious gases which col-
lect in the stomach and bowels, it dis-
infects the mouth and throat from the
poison of catarrh.

It dissolves the charcoal in one form
or another, but probably the best charcoal
is the one for the money is in Stuart's
Charcoal Lozenges, they are composed of
purest powdered Willow charcoal, the
harmless antiseptic in tablet form,
which in the form of large, pleasant
lozenges, the charcoal being mixed
with honey.

Daily use of these lozenges will soon
bring about a much-improved condition of the
throat, better complexion, sweeter
breath and purer blood, and the beauty of
the skin, that no possible harm can result
from their continued use, but on the con-
trary, they are of great benefit.

A medical physician in speaking of the
value of charcoal, says: "I advise Stuart's
Charcoal Lozenges to all patients
suffering from gas in stomach and bowels,
flatulence, indigestion, and purities
of the mouth and throat. I also be-
lieve in their use in cases of
constipation, as they are a patent prepara-
tion of Stuart's Charcoal Lozenges
in any of the ordinary charcoal tab-

SAVED FROM GRIP

PE-RU-NA CURES GRIP

"Medicine Recognizes Grip as Epidemic Catarrh."—S. B. Hartman, M. D.
The People whose Portraits are shown above have been Released from the Grasp of the Terrible Monster, the Grip, by the Use of Pe-ru-na.

Grip is acknowledged by all phys-
icians to be the most difficult of diseases
to treat.

Nearly every physician has a different
treatment. There has been no common
agreement as to the best way of hand-
ling this scourge.

In 1850, Dr. Hartman introduced Peru-
na as a catarrh remedy, and as soon as
la grippe was recognized as epidemic
catarrh, Peru-na came to be used as a la
grippe remedy.

A Standard Remedy for La Grippe.

From that time, the use of Peru-na as
a la grippe remedy has steadily grown.
Now it is the recognized standard rem-
edy of the world for la grippe.

Not only is it prompt and efficient in
its action in the acute stages, but, for
the after-effects of la grippe, no better
remedy can be found.

As a rule, la grippe leaves its victims
in a poor state of health.

Peru-na removes the catarrhal con-
dition of the mucous membranes.
This makes Peru-na an ideal remedy
for the after-effects of la grippe.

Able to Do Her Work After Taking
Pe-ru-na.

Mrs. Jane Gift, Hebbardsville, Ohio,
writes:
"Six years ago I had la grippe. The
doctor came to see me every day, but I
grew worse."

"One day I saw a testimonial of a
woman who had been cured of la grippe
by Peru-na. My husband went directly
to the drug store and got a bottle."

"I could see improvement in a short
time and was soon able to do my work.
I continued its use until cured."

Cured by Less Than Two Bottles of
Pe-ru-na.

Mr. Lyman B. Smith, 163 Montcalm
Ave., Detroit, Mich., writes:
"Two years ago I had a serious attack
of la grippe and was confined to bed.
Less than two bottles of Peru-na cured
me."

La Grippe Causes Serious Derange-
ment.

Mr. John Miller, Lilly, Ohio, writes:
"I was taken sick two years ago with
la grippe."

"I was examined by a physician who
said I had gall stones, but could not
cure me."

"I took several bottles of Peru-na,
which cured me entirely."

La Grippe and Catarrh Combined.

Mr. Samuel M. York, Union Grove,
Ala., writes:
"I was taken with la grippe and cat-
arrhal deafness."

"After taking two bottles of Peru-na I
found myself well."

La Grippe Leaves Annoying Cough.

Miss Caroline Webber, 236 Troop Ave.,
Brooklyn, N. Y., writes:
"After having the grip I was much in
need of a tonic. I had a cough which it
seemed impossible to get rid of. I took
Peru-na with excellent results."

Recommends Pe-ru-na for La Grippe.

Hon. J. P. McGrew, Supt. U. S. Cap-
itol Police Force, Washington, D. C.,
writes:
"Having suffered from the grip, I was
advised by a friend to use Peru-na. I
also took it for catarrh, and can recom-
mend it to any one suffering from the
grip and catarrh."

Pe-ru-na Builds Health and Strength.

Mrs. Nancy Power, 363 Yamhill St.,
Portland, Ore., writes:
"When I recovered from la grippe, I
found that my strength did not return,
and I took Peru-na."

"It has made me feel much better
than I have felt for years."

Convinced of Pe-ru-na's Merits.

Mrs. M. Riley, 310 Second St., S. E.,
Washington, D. C., writes:
"I have used Peru-na for catarrh and
the grip, and feel like a new woman."

"I am thoroughly convinced it is one
of the best remedies I ever tried."

Suffered With La Grippe Seven Win-
ters.

Mr. Frank Bauer, Minneka, Minn.,
writes:
"For seven winters I suffered with la
grippe and by each attack was confined
to bed."

"Last winter I was again attacked. I
took Peru-na according to directions.
The fifth day I took an axe on my
shoulder and went out into the woods
to chop wood."

Saved From the After-Effects of La
Grippe.

Miss Nellie J. Brady, Hotel Irvington,
Los Angeles, Cal., writes:
"I had the misfortune to contract la
grippe, and was induced to try Peru-na,
which I did, to my satisfaction."

Pe-ru-na Cures Severe Cough.

Mrs. Mary Frost, Monrovia, Kansas,
writes:
"I had la grippe last winter, with a
severe cough."

"I took Peru-na. In a short time it
had rid the system of all traces of la
grippe."

Cured by Three Bottles of Pe-ru-na.

Mr. Joakim Zimmerman, Collinsville,
Ill., writes:
"I had la grippe. I have taken three
bottles of Peru-na and am well."

Keeps Pe-ru-na in the House.

Mr. M. E. Morrow, Supt. of State
Road, Glenwood Springs, Col., writes:
"I had a severe attack of la grippe,
and could find nothing which gave me
appetite and strength until I got a bot-
tle of Peru-na. We keep Peru-na as our
family medicine."

eral theory that in the absence of
armed resistance only by terror can

MASSES CELEBRATED.

Priests in Moscow Chant Prayers for
Repose of Soul of Sergius.

MOSCOW, Feb. 13.—The bells of
Moscow's five hundred churches are
tolling today, requiem masses are be-
ing celebrated and before many shrines
priests are ceaselessly chanting pray-
ers for the repose of the soul of mur-
dered Grand Duke Sergius. His re-
mains still rest in the Choudoff mon-
astery, whither they were removed
yesterday.

The widowed Grand Duchess Eliza-
beth is prostrated. She keeps to her
apartments in the little palace and was
not able even to attend the requiem
mass. Troops are patrolling inside the
Kremlin, all the entrances of which
continue to be closed to the public.

The crime, while actually not unan-
ticipated in view of the repeated
threats, has nevertheless created a
profound impression in the ancient cap-
ital.

All the shops are closed and the
newspapers appeared with mourning
borders.

Some students have been roughly
handled in the streets.

ROBBED IN DAYLIGHT.

Highwayman Obtains a \$5000 Dia-
mond Brooch From a Woman.

NEW YORK, Feb. 13.—One of the
most audacious of the many recent
robberies in this city occurred in the
Bronx today when a highwayman at-
tacked Mr. and Mrs. John W. Cornish
in front of their home, snatched a \$5000
diamond brooch from Mrs. Cornish's
throat, fired two bullets through the
clothing of Cornish when he remon-
strated and then escaped after an ex-
citing race with a policeman in which
several shots were exchanged, but so
far as known without effect. The police
have only a meager description of the
man and there seems little chance that
he will be captured.

The robber followed Mr. and Mrs.
Cornish home from a street car in
which the lavish display of diamonds
worn by the woman had attracted
much attention.

WATSON NOT GUILTY.

So Says the Jury in Murder Trial in
Connecticut.

NEW LONDON, Mo., Feb. 13.—The jury
in the case of Dr. T. Jones Watson of
Denver, charged with killing his wife, to-
day returned a verdict of not guilty.

Mrs. Watson was killed in a runaway
accident while riding with her husband,
who was picked up unconscious near a
bridge over a small stream.

Mrs. Watson's body was found in the
water. The prosecution charged that Mrs.
Watson had died from the effects of poi-
son, and that the conditions under which
her body was found had been arranged
by Dr. Watson to bear out a runaway
theory. Much expert testimony was in-
troduced at the trial, and Dr. Watson took
the stand in his own defense. Medical
men testified for the prosecution that un-
mistakable traces of poison were found in
Mrs. Watson's stomach, but other medical
experts testified for the defense that there
were no traces of poison.

Waging War on Disease of Stock.

WASHINGTON, Feb. 13.—Secretary Wilson
today urged the House Committee on Appro-
priations, having in consideration the general
deficiency appropriations, to enable his de-
partment to continue its war on diseases of
cattle and sheep.

Cures Colds and

GRIP

Grip Is Rife.

While Grip is rife it behooves every
man, woman and child in the United
States to be prudent. To be careful in
dress. To keep the feet warm and dry.
To wear woolen next the skin. To use
care in diet, no late suppers, no over-
indulgence in stimulants. Above all keep
Dr. Humphreys' "Seventy-seven" at
hand and take it frequently. It will
knock out the Grip, break up a Cold
and prevent Pneumonia.

fits the vest pocket.

DON'T BE ASHAMED
OF YOUR
CURE

Through the selfish pride or
foolish vanity of a thoughtless
wife or mother, who fancies
that some disgrace may attach
to taking the cure for Alcohol-
ism, and who forgets in her
new found security the weary
days when she writhed in fear-
ful anguish and hid her face
in shame for the condition of
the helpless loved one. Other
women are going through the
same valley of despair through
which she struggled so many
helpless years.

Perhaps in the very next house some happy woman guards the
secret that would mean rescue, joy and a restored husband to the
wretched ones who never heard of a cure for such sorrows as theirs.
If the time ever comes when you feel ashamed to admit that your
husband took the Keeley Cure remember that you once suffered just
as those are suffering and you have it in your power to help them.
